

The QCS model safe product is safe to use when recommended precautions and instructions are followed.

This product contains no substances which, at their given concentration, are considered to be hazardous to health.

This chemical/product does NOT meet the hazardous criteria set forth by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200).

No DOT, IATA or IMDG regulations. No EPA or OSHA regulations.

Individual Protection Measures:

Eye/Face Protection: No protection is ordinarily required under normal conditions of use, but safety goggles or face-shield are recommended. **Skin and Body Protection:** May cause transient irritation on prolonged contact, but normally does not cause any irritation.

Respiratory Protection: No protection is ordinarily required under normal conditions of use, but good ventilation is recommended. **General Hygiene Considerations:** Handle in accordance with good industrial hygiene and safety practice.

First Aid Measures:

Eye Contact: Do not rub eye. Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. If eye irritation persists, seek medical attention. **Skin Contact:** No irritation or reaction is expected. If skin irritation does occur, rinse with water. **Inhalation:** Remove to fresh air. Have adequate ventilation when using in confined spaces. **Ingestion:** Drink 1 to 2 glasses of water and call your physician.

Warranty:

StripWell warrants only that the product delivered will be free from defects in workmanship and material at the time of purchase/delivery. Under no conditions or circumstances is StripWell liable for loss, damage, expenses or consequential damage resulting from the use of this product. Though this product is super safe, you are still choosing to use at your own risk.

KEEP OUT OF REACH OF CHILDREN.
